Tradestone FAQs

Purchase Order

Why can't I find my PO in **Build Bulk Query**?

This query requires the following. Make sure this is all aligned, and your PO should show!

- PO Is Open, PO STATUS = OP
- Vendor ID matches between the PO & the Primary Offer
- The Style listed on the PO must have Primary Offer, Offer flag = 'P'
- PO has not been bulked yet, Bulk field is blank
- PO is listed for Ownbrand, Market/Ownbrand = 'OWNBRAND'
- PO Ship Date is greater than yesterday
